

About us

REAP Wairarapa (Rural Education Activities Programme) provides access to lifelong and life-wide learning opportunities for people of all ages across our region.

REAP Wairarapa delivers programmes across a number of sectors, including early childhood, schools, youth, adult and community education, which enhance and support education within the community.

We work closely with government, local trusts and community groups to nurture community and personal development. Our work is diverse and includes working to develop our people and communities by providing practical support to organisations and initiatives that meet identified needs.

REAP Wairarapa has been actively growing great communities in the region since 1982 and is one of 13 REAPs operating around New Zealand.

Our Region

We work across the part of Tararua District, south of the Manawatu River, and all of Masterton, Carterton and the South Wairarapa Districts.
